

2010-2011 Programs ... **NEW** **POSSIBILITIES**

Model United Nations/Student Alliance:

Choose to make a Difference!!

High School and University Groups & Conferences

OURMUN from the United Nations Association, Columbus, Ohio
57 Jefferson Avenue, Columbus, Ohio 43215

Two new programs are being emphasized to encourage a productive Model UN.

1. *Address the situation where a teacher or advisor is not able to make a long term commitment or do a full year's program. Use a college INTERN .*
2. *Provide good information for schools planning to participate in a conference or forum, either local or at some distance from the school.*

**** "SIMULATION EVENTS are available"**

The "Strive to make a difference" Program with Students!!

"It's my turn at bat" - Teachers and Students competing together

1. **Coordinate an EVENT for Educators to establish a 'Network' for schools with and without a program.**
2. **The EVENT will occur (as scheduled) when schools are in session. The Information will then be made available to high schools and universities. ()**
3. **The EVENT will demonstrate the 'whys' and 'hows' of Model UN with activities that Educators participate in. Students with experience will facilitate the EVENT.**
4. **Besides learning more about the United Nations and Model UN, this EVENT will demonstrate how a program can operate for a few weeks or for the entire school year.**
5. **A network process will begin initiated by OURMUN from Columbus, Ohio, to tie the large and well known conferences in with the smaller and 'best kept secret' conferences. This will promote more choices that will best fit a school's needs.**
6. **EVENT location: final decisions will be made by the information date. It will be at a high school or university facility.**
7. **The "My turn at bat" EVENT will occur on _____**
